	NURS 7395	Preceptorship in Women's & Gender-Related Health	5
Total Hours			31

- Sample only. All admitted post-master's students will have an individualized curriculum plan based on a gap analysis complete by the Academic Director of the program. As part of the post-master's certificate (PMC) application <https://apply.vanderbilt.edu/apply/>, all applicants are required to provide syllabi for previous master's level courses in advanced health assessment, advanced pathophysiology and advanced pharmacology. Whether or not a PMC student needs to retake one or all of these courses is determined based on the guidelines below:
 - a. APRN certified PMC applicants/students who have previously taken an equivalent Advanced Health Assessment, Advanced Pathophysiology, and Advanced Pharmacology, and have maintained certification (reported on the application), will not be required to repeat these courses. Course equivalency will be determined by syllabi review.
 - b. Non-APRN certified PMC applicants/students will be required to take VUSN Advanced Health Assessment, Advanced Pathophysiology, and Advanced Pharmacology courses unless they satisfy requirements specified in item c.

c. If a non-APRN certified student has previously taken one or more of these three courses in the last 5 years (5 years or less at the time of matriculation) the student must provide the syllabi to be reviewed for equivalency. If the course is determined to be equivalent to the VUSN course, was taken within the last 5 years and the grade earned was a B- or higher, the course may be waived. Note: Determination of equivalency does not mean that VUSN transfer credit has been awarded. Equivalent courses will not appear on the VU transcript.
