Waiver of Student Health Insurance

If you have health insurance coverage, complete an online petition to waive insurance. Click here to access the online health insurance waiver.

If you are taking 4 or more hours, you will be charged automatically for health insurance for the entire year unless you have completed this waiver and provide verification of other health insurance coverage. Please make sure you receive a confirmation of your waiver. Visit www.vanderbilt.edu/stuaccts/graduate/health-insurance.php.

If you withdraw or leave the University at any time for any reason, you will still be responsible for payment of the premium for the coverage unless you have completed the waiver form.

Technology Requirements & Support

VUnetID

All students must obtain a VUnet ID and e-password. You will receive an e-mail with instructions.
Your VUnetID identifies you as a member of the Vanderbilt community, allowing you to access services on the Vanderbilt University computer network (VUnet). The following essential services require a VUnetID and associated password:

- **Vmail**, the university's email system

- **Brightspace** – Brightspace is a Web-based course management system used at Vanderbilt. It allows students to access course-related materials, such as course syllabi, assignments, handouts, and slide presentations, over the Internet. Brightspace can be accessed at its “Quick Link” on the VUSN website.

- **YES (Your Enrollment Services)**, the primary method used by students to register for courses. This site also allows students to access personal academic record information online. Students check final course grades here. Grade reports are not sent via U.S. mail.

You will have the same VUnetID for as long as you remain a student at Vanderbilt. If you make a printed copy of your authorized VUnetID and include your password on the same sheet of paper, be sure to store this document in a safe location.
