Dear Student,

Vanderbilt devotes considerable resources to assisting students in making intelligent choices regarding their own health and safety, as well as the health and safety of other students and the larger Vanderbilt community.

Among these resources are three modules designed to provide critical information about our community's expectations. We request that you invest the time required to complete these three mandatory online modules by August 14, 2017.

**Haven Plus – Understanding Sexual Assault:** As part of Vanderbilt's ongoing efforts to enhance awareness of the University's initiatives and resources to prevent sexual misconduct and intimate partner violence, you are required to complete Haven Plus — Understanding Sexual Assault. Part 1 takes approximately 60 minutes to complete and will educate you about the types of sexual misconduct and intimate partner violence, warning signs, and bystander intervention, as well as relevant laws, policies, and campus resources. Part 2 of Haven Plus becomes available 45 days after Part 1 is completed. The deadline for Part 2 is October 16, 2017.

If you experience any difficulty completing Haven Plus, please contact: projectsafe@vanderbilt.edu.

**Protection of Minors 101:** Vanderbilt is committed to protecting minors on its campus and in its programs. As part of this commitment, all students – even those who do not currently plan to work directly with minors – are required to annually complete an educational module on protecting minors. As an incoming student you are required to complete Protection of Minors 101, a 30-minute self-paced module that outlines the requirements for members of the Vanderbilt community when interacting with minors. You will be required to complete a renewal module each subsequent year you are enrolled.
